

## Summer Math Review for 5<sup>th</sup>-8<sup>th</sup>

All students entering 5<sup>th</sup>-8<sup>th</sup> grade, should complete their summer math review through **Khan Academy**.

Students can register by going to **KhanAcademy.org** and follow the steps for registering as a learner.

Returning students entering 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup> grade have already been registered. Students should complete the course which they have completed this school year. For instance, students entering 5<sup>th</sup> grade should complete the 4<sup>th</sup> grade math class.

Students entering 8<sup>th</sup> grade Algebra should complete both the 7<sup>th</sup> and 8<sup>th</sup> grade classes.

Students should pace themselves so that review is spread out over the entire course of the summer. This will insure that they are ready to learn new skills in the fall.

Please contact Mrs. Travis [sarah.travis@stjes.org](mailto:sarah.travis@stjes.org) if you have any questions.
